

# CITRA BLEND

## Orange Based Mastic Remover & Cleaner

CITRA BLEND is a unique formulation which incorporates the best of low odor mastic removers into a citrus based product. The end result is a pleasant smelling industrial cleaning agent which aggressively attacks and removes floor mastics.

CITRA BLEND is especially effective when used on black, cut-back asphalt adhesives.

CITRA BLEND is also used as an industrial degreaser and deodorizer. It can be used full strength or it can be diluted with water to use on tools, equipment and containers.
